Term 2 Week 8 Principals Update — Rob McArdle

Dear GHPS Families,

Term 2 is fast coming to an end with the holiday break just around the corner. After another disrupted term we are all looking forward to two weeks of rest before we move into the second semester of 2022.

Term 3 Start Date

Please note that the term 3 return date for students is Tuesday, 19th July 2022. Staff will return on the Monday for school development.

Upcoming Sporting Events

Unfortunately today's winter carnival was postponed due to poor weather. We are working with the three other schools on setting a new date sometime in term 3.

We are looking forward to next Friday's Cross Country at Adam Road PS for selected Year 3-6 students. Congratulations to all participating students on your selection and we wish you all the best as you represent GHPS.

Semester One Student Reports

Teachers have been very busy putting the finishing touches on semester one reports. Following on from Mr Mack's Class Dojo post earlier in the week, semester one reports will look different this year due to the impact of COVID-19 on attendance and general teaching and learning. Sustained teaching and learning has been disrupted and even though I have full confidence in the quality of all of our teaching staff, we have all struggled with many COVID-19 related disruptions across semester one.

Reports will be released on Connect on Tuesday, 28th June at 3pm. Please ensure that you can access Connect prior to reports being released. For assistance accessing Connect, please contact the school. For any questions or follow up about your child's report, please speak to their teacher.

Kindergarten Information Session

The advertised Kindergarten information session has been rescheduled to Monday, 27th June (week 10). The purpose of this session is to provide families of 2023 Kindergarten students with an overview of the Kindergarten program at GHPS.

First round applications for Kindergarten 2023 are due in by 22nd July. Enrolment application details are available on our website or forms can be collected from the office.

Ahlia's Kindness Day

Thank you to the GHPS P&C and for our school community for dressing up in blue last Friday for Ahlia's Kindness Day.

As a community, \$360 was raised for Run DIPG, raising important awareness and contributing this very special cause.

Student RAT Allocations

Following the recent distribution of student RATs, all uncollected RATs are now in the front office. Across next week, we will refer to our records and contact families where RATs have not been collected to arrange a time for their pick up.

Breakfast Club

Breakfast Club will be finishing on Thursday 23rd June with Mike and Pat Forrest hanging up their boots after years of volunteer service. As of yet, there are no volunteers offering to continue Breakfast Club at GHPS. We are making plans at school to see breakfast club continue in the interim, but in a more scaled down fashion. To ensure this continues, please contact the office for more information.

Past Newsletters

[Past newsletters can be found here](#) on our website for those wishing to access previous editions.

Have a great weekend,

P&C News

Glen Huon Primary School was honoured & privileged to take part in Ahlia's Kindness Day with many students & teachers wearing blue to raise awareness for this very special cause.

Our students managed to receive "a little something" to brighten their day thanks to the kindness of a very generous family & our hardworking P&C #movingtowardsacure

Together as a school community we managed to raise over \$360 for Run DIPG, so we thank all of our wonderful GHPS families for their much valued contributions.

Achieving Today for Tomorrow

NMSHS has two Specialist Programs, Science Horizons and Engineering Specialist from years 7 -12. These comprehensive, enriched Programs are designed to support students who have a passion for the sciences and technology. The Science and Engineering curriculum is designed and modified to suit the needs of selected students and aims to enhance the capability of students to create and communicate information and ideas, solve problems and work collaboratively.

Year 7 2023 testing for our Science Specialist programs has now been extended a final Science Testing Session

Wednesday 29th June 2022 from 3.30pm-4.30pm

Students need to sign in at the front office with a parent/guardian on the day of the testing and will then be supervised until parent collection.

For further enquiries, please contact NMSHS on 97222400 or email lorraine.ellis@education.wa.edu.au to register or to receive further information regarding our programs or the application process.

NEW TO BIKE RIDING OR ALWAYS WANTED
TO TRY A DIFFERENT CYCLING DISCIPLINE?
